

Registering for BETT has never been easier, simply [click here](#) and fill out your details to gain access to the world's largest Educational Technologies exhibition.

BETT is the number one exhibition when it comes to showcasing new and exciting learning solutions being used to engage and enrich the learning experience of pupils. With the new stage 3 curriculum and 14-19 diplomas in operation, visit BETT to find out how others are utilising new resources and technology to meet these new demands and what you and your colleagues' can do to make a difference in your school.

Here are a few reasons why you shouldn't miss out on BETT 2009

- Learn at over 100 seminars and other CPD opportunities and develop your ICT skills in the Training Zone
- See hundreds of new products and resources including dedicated areas for Special Needs and Software
- Interact with learners, hear their views on learning of the future and add your voice to theirs in Learning Elsewhere
- Listen and learn from practitioners demonstrating the very latest products in the New Technologies Zone
- Detailed seminars concentrating on this years key themes:-
 - Personalised Learning
 - Curriculum and assessment
 - Management and leadership
 - Modernisation of schools
- Participate in best practice presentations within the new Best Practice Theatre
- With over 600 exhibitors, BETT is sure to inspire you with lots of invaluable ideas.

Pre-plan your visit at www.bettshow.com

BETT is jam-packed with exhibitors, products, features, seminars and workshops. Handy tips on planning your visit are available on the website where you can even create your very own tailored visitor map using our [MYBETT service](#).

Don't forget to forward this email to your colleagues who can also register for free on the BETT website.

I look forward to welcoming you to BETT 2009, 14 to 17 January, Olympia, London.

Kind Regards

Henry Ledden
